Thank you. Excellent advice as usual. I have put to the test using the mascara like you And have discovered my lashes are much longer than I ever knew! Thank you I need to rewatch the video to recheck the other tips. I love your tutorials and your exercise videos. Happy New Year 2019 Schellea

Great Tips ....just the shame I can't see properly what you are doing  
Would you be so kind and make this type of videos with camera closer to your face , please?  
I do understand that These Days -where everything has to be Perfect - Showing your Bare  
Face on Internet is not easy, but more Closeups would be so helpful

Thank you so much for your help and wonderful tips on beautiful eyes for the mature lady.  
I've been doing this WRONG for YEARS!! I finally gave up on any eye makeup at all because I  
looked hideous. I dyed my hair teal five years ago instead; taking all notice off my naked  
face. HA!

WHAT'S WITH ALL THE NEGATIVE & UNAPPRECIATIVE COMMENTS FROM VIEWERS?! This  
video was SUPER HELPFUL - for me especially the upper and lower lining and not connecting  
them-made eye look so much more lifted and big. If you don't agree with all she did, then  
take what you did like and leave the rest without negativity.

The good eye reminds me of a Christy Brinkley eye.

Please bring the camera closer to you or zoom in. It's too far away to really see how you are applying. You skin looks amazing.

I think you are beautiful. But here is the truth, if you reach 50+ enjoy life, don't follow the crowd, do what suits you and makes you happy. YOU EARNED IT!!! Most people will appreciate the WHOLE person warts and all. Makeup is to make you feel beautiful and if you are doing what makes you feel pretty. I say go for it. BE the trend setter by the uniquely yours

Wow ~ you are gorgeous !! I loved every minute of this video! As we “mature” or as I like to say “gain experience” we need our makeup to change with us. Great tips, I just started a YT channel and have learned so much from watching you!!

I agree w several ladies. The camera or you need to be a lot closer. Great video, it’s a shame you’re so far away.
