

# ATHLETICS

## Protocols for Non-Contact Sports

### Mandatory

### Recommended Best Practices

#### Participants/ Spectators

- Spectators must maintain six-foot social distancing.
- All individuals present must adhere to six-foot social distancing before, during, and after all events.
- Participants must conduct daily symptom assessments (self-evaluation). Anyone experiencing symptoms must stay home.\*
- No touch rule is in effect. All individuals must avoid physical contact with others including high fives, huddles, or other close contact occurring before, during, and after the events.
- Players must not share individual water bottles or other beverages before, during, or after all events.
- No spitting at any time before, during, or after events.
- Teams and individuals must adjust rules to adhere to the requirements herein.

- Spectators should wear face coverings.
- Athletes are strongly recommended to travel to the venue alone or with a member(s) of their immediate household, if possible.
- Face coverings are strongly recommended for individuals traveling to and from the venue and during participation in the activity.
- All individuals should avoid congregating in common spaces or parking lot before, during and after events.
- If applicable, individuals should enter or exit venues at separate times to adhere to six-foot social distancing.

#### Equipment

- Equipment and items related to the activity must be sanitized before, during, and after every event. If equipment cannot be sanitized during the activity, only participants of a single team must use equipment and items related to the activity and opposing participants must avoid touching that equipment.

#### Confirmed Cases

- Immediately isolate and seek medical care for any individual who develops symptoms while at work.
- Shutdown area for deep sanitation if possible.
- Report the case to the Community Center front desk or call 546-2300.

- Work with the local health department and the City to identify potentially infected or exposed individuals to help facilitate effective contact tracing/ notifications.
- Once testing is readily available, test all suspected infections or exposures.
- Following testing, contact the City and the local health department to initiate appropriate care and tracing.

#### Facilities

- Restrooms will be cleaned and disinfected every two hours during scheduled programming using EPA-registered disinfectants, particularly on high-touch surfaces such as faucets, toilets, doorknobs and light switches
- Drinking fountains are not operational. Bring your own water bottle.

#### WHAT WE WILL DO IF A COVID-19 INFECTION IS IDENTIFIED:

- **Immediately report employee or customer infections to the local Board of Health.**
- **Work with the local Board of Health to identify potentially exposed individuals.**
- **Facilitate appropriate communication/contact tracing. Shutdown for deep sanitation and cleaning.**
- **Reopen in consultation with the local Board of Health.**

\*Per the CDC, symptoms include cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat, and new loss of taste or smell.
